## “EMERGING TRENDS IN ROBOTICS AND AUTOMATION IN 2024”

Intelligent Production: AI & Machine Learning, Collaborative Robots, AR, Autonomous Vehicles

### European Robotics and Automation Talks (ERAT) 2024

The Association of Automation Technologies Styria and GMAR have joined forces in order to establish a new conference - **EUROPEAN ROBOTICS AND AUTOMATION TALKS** - dedicated to trending topics in Automation and Robotics.

Our goal is to connect **PRODUCERS, USERS, DEVELOPERS & SYSTEMINTEGRATORS** from Austria and various other European Countries. At this year's ERAT one will not only have the possibility to listen to **NEW SOLUTIONS MADE IN EUROPE** but also have the opportunity to network with participants such as producers, system integrators, users (SME & Large Enterprises), potential users, and scientists.

#### Welcoming

08:30 am Peter Reichel, OVE/GMAR  
Helmut Röck, AT Styria  
Alexander Pogany, BMK  
Alexander Numrich, GMAR

08:55 am „Welcome Note“

#### Keynote

09:00 am Christina Wilfinger, CEO SAP

#### Lectures

09:35 am Host country Slovenia

AT STYRIA  
Plattform Automatisierungstechnik

GMAR

## B2B

10:50- 11:35 am Exhibitor time and Networking

## Parallelsessions A & B

11:35 am Session A:  
„Legal Challenges“

Session B:  
„Innovative Approaches for Achieving SDGs through Robotics in Industry“

## Lunch

12:55 - 13:35 pm Buffet

## Lectures

13:35 pm Styrian Innovation In Practice

## Parallelsessions C & D

14:35 pm Session C:  
„Just in Time!“

Session D:  
„HTLs“

## B2B

15:55 - 16:20 pm Exhibitor time with hands-on and networking

## Lectures

▶ 16:20 pm Ladislav Dvorak, RoboTwin s.r.o.

## Parallelsessions E & F

▶ 16:40 pm Session E:  
„KI/ Daten“

Session F:  
Title: coming soon

## B2B

▶ 18:00 - 18:45 pm Exhibitor time with hands-on and networking

## Lectures

▶ 18:45 pm Günter Grabher, SMART Textiles

## Final

▶ 19:10 pm Closing Ceremony

▶ 19:40 pm Dinner
